The following workstreams are complete and now live:

- Review of States' Obligations
- Information and Awareness-Raising
- Framework for People with Dementia
- Framework for People with Autism

States of
Guernsey

Market Street

The picture shows the changes to Market Street. The project is due to be completed shortly and the improvements include an additional accessible parking space at the top of Market Street with adjacent seating. Traffic restrictions will provide improved safety for pedestrians, and the level surface will benefit all users. Clever use of different coloured granite still keeps the area in theme with local buildings.

Tourist Information Centre

The accessible bay at the North Plantation has been moved. This followed work to improve pedestrian safety in the area. It is now positioned on the left hand side when approaching the tourist information centre.

Awareness Raising

Equality Guernsey members talked about “What are our children learning at school about their rights” and discussed the Unicef “rights respecting schools”.

Walkers talked to employers about "Disability- what does it mean in practice."

The Guernsey Employment Trust ran a session on Employment and Disability, a practical approach.

inclusion impairment
 society ability opportunity
