Target Completion Date:	ongoing
RAG Status:	Green

Current Status: 31st July- 24 th September
<p>Information</p> <ul style="list-style-type: none"> The accessAble surveyors are visiting in September. They will update current guides and review a number of new venues across the islands. This includes the island’s beaches which have not featured on the guide to date. A media release was circulated to promote both the surveyors visit and the training sessions about the online guide. The signpost website has been updated and now includes information about what help and support is available in Alderney. Bailiwick Social Prescribing launched on 1st July 2021. It is a free scheme where health professionals can refer patients over 18 years of age, who have unmet non-clinical needs around issues such as loneliness and social isolation, home environment, employment, and lifestyle. A link worker will then refer them to sources of non-medical support aimed at improving their physical, mental, and emotional health and wellbeing. A community survey was launched by the States in in September. The aim was to find out which aspects of islanders lives are different following the pandemic and questions are asked about travelling and shopping. Members from the Ron Short Centre reviewed the easy read version of the survey before it was published. The survey closes on 14th October. <p>Awareness raising</p> <ul style="list-style-type: none"> The Disability Officer, a representative from Access for All and one of their access ambassadors were interviewed about beach access and the beach wheelchairs. This followed the publication of the beach access guide at the beginning of the summer. The Guernsey Press were interested in the initiative and keen to interview someone about using the beach wheelchairs. A training session about hidden disabilities and the hidden disability lanyard scheme was given to the new members of the Ports Customer care team by the Disability Officer. The training includes a discussion about the support that people may require as they enter Guernsey and how to assist people with different disabilities.

Next Period: 25 th September – 19 th November 2021
<p>Information</p> <p>The new venues on the online guide will be promoted when they are live on the website.</p> <p>Awareness raising</p> <ul style="list-style-type: none"> A representative from Access for All and the Disability Officer are preparing for Purple Tuesday on the 2nd November. A breakfast meeting will be held at the Digital Greenhouse and will include an introduction to Purple Tuesday and the purple pound. There will be an opportunity to talk to local experts about improving customer service, physical and online access. The accessAble team will also be doing a virtual presentation about the online access guide. Different organisations across Guernsey will also be showing support for this initiative and turning “purple” for the day. The new Children and Young People Tribunal panel members will attend a Diversity awareness session. Members of Equality Guernsey, Liberate and the States Disability Officer will run sessions on Equality issues, the diversity of Guernsey, unconscious bias, LGBTQ+ and hidden disabilities. A second session about the online guide has been arranged for the 20th October. Access Able will present this virtually and people can also attend the presentation in person at ETWH at 3pm.

Information & awareness raising continued

Current Status: 31st July- 24th September

Next Period: 25th September – 19th November 2021

Awareness raising continued

- The second Hidden disabilities webinar was organised by Access for all on 16th September. This was provided by [hidden disabilities store](#) and included a series of animations explaining about the lanyard and how this might be used for people with different disabilities.
- AccessAble presented a virtual session about the access guides on the 21st September. Along with explaining about the guide the talk focussed on top tips for businesses when considering how to improve access.

Accessible transport

- New accessible uncontrolled crossing for pedestrians at Vale Road
